

Schedule of Events

September 26, 2005

Unless otherwise noted, all events take place at the [Mount Washington Hotel](#).

October 8, 2005 - Saturday

- 0700 -1600 Flight operations at Gorham, New Hampshire, as part of the annual Region 1 wave camp. Contact [Rick Roelke](mailto:rick@roelke.org) (rick@roelke.org) for details.
- 1200 Unveiling and presentation of the plaque by Peter Smith, Director of the National Soaring Museum. Grand Ballroom.
- 1200 – 1500  Temporary U.S. Postal Station, Mount Washington, will be open to the public at the Hotel. The commemorative postmark, depicting a Libelle sailplane, can be obtained by sending your request and a self-addressed stamped envelope or card to: Postmaster, Mount Washington, NH 03589-9998.
- 1200 - 1800 Tickets for the supper (\$15) available at the Hotel. Buy your ticket anytime. But let us know you're coming right now: [RSVP to NLS14](#) (nls14@gliderpilot.net).
- 1400 "Town Meeting" with Dennis Wright. This is Dennis's first visit to Region 1 since he became SSA's Executive Director. It is your chance to learn how your Society is run, and to convey your suggestions to our chief executive.
- 1500 Demonstration flight by a modern sailplane. World Record pilot John Good will land on the Hotel grounds. (weather permitting).
- 1800 Supper, cash bar in the Grand Ballroom. An [RSVP to NLS14](#) guarantees you a place.
- 1900 Landmark ceremony in the Grand Ballroom. Formal recognition of the new Landmark by representatives of the National Soaring Museum. In addition to the plaque, there will be photographs and artifacts from the original wave camps, organized by Allan MacNicol in the mid/late 1960s and early 1970s, on display.

The evening will feature recollections by Dr. Walter Cannon, one of the original Mount Washington Wave Camp participants and

current NSM Trustee.

October 9, 2005 - Sunday

0700 - 1600 Flight operations at Gorham.

The installation of the plaque in its permanent location at the Mount Washington Observatory will take place in the near future, in conjunction with renovations at the Observatory.
